Your pretty eyes I pictured in the fading lights

You are mine

Lost track of time  
I bought you flowers  
So never let them die  
Little darling, little darling  
You are mine

Little darling, little darling  
**A**  
You are mine

[Verse 3]

You are far away now,  
But your on my mind,  
I ll never put nothing above you,  
You are my guiding light  
Little darling, little darling  
You are mine

[Verse 4]

You don t have to worry  
And I ll tell you why  
I ll never put no one quite like you  
I hope you realize  
You are mine

**F#m** **Dm**  
Little darling, little darling  
**A**  
You are mine
