A **Asus2.** **D**
If you want, I could say your name,
 A **Asus2** **D**
Hold our breath, so we ll feel again,
 A **Asus2** **D**
I don t know if I could sacrifice; the weeks that I spent,
 A **Asus2** **D**
Holding on by a single thread.

D
But I ve been spending all sleepless nights,
 A **Asus2**
On the floor.

D
And now I don t even close my eyes,
 A **Asus2**
Anymore.

D
And I don t want it to happen twice,
 A **Asus2** **D**
Cause we ve been here once before.

A **Asus2** **D**
It was you, said it all went wrong,
 A
Well we were just fine yesterday,
 Asus2 **D**
Now today you re gone.

A
But now in a second glance,
 Asus2
You only need a second chance,

D
But I can t.
 A **Asus2** **D**
I m afraid that I m not that strong.

D
But I ve been spending all sleepless nights,
 A **Asus2**
On the floor.

D

And now I don't even close my eyes,

A **Asus2**

Anymore.

D

And I don't want it to happen twice,

A **Asus2** D

Cause we've been here once before.

D

But I've been spending all sleepless nights,

A **Asus2**

On the floor.

D

And now I don't even close my eyes,

A **Asus2**

Anymore.

D

And I don't want it to happen twice,

A **Asus2** D

Cause we've been here once before.
