G D Em  
I was at a party with my mind in the gutter  
C G  
She walked in behind me with her friend and her brother  
D Em  
Stepped onto the dance floor shakin her hips  
C G  
Thought I might bust when she licked her lips  
D  
Sometimes I wish I was someone like Brad Pitt  
Em C  
She d walk right over to me and then she d say hey we should split  
G D  
Sometimes I wish that I had a girl that looked that fine  
Em C  
Not thinkin about forever just six minutes of her time

(Chorus)

C Em  
One minute and the earth begins to shake  
C  
Two minutes and my heart begins to quake  
G  
Another minute and she makes me feel brand new  
D C  
That s just three minutes with you  
Em  
Four minutes and she s got me on my knees  
C  
Five minutes and she s got me beggin please  
G  
Another minute and she shows me somethin new  
D C  
I need six minutes with you...
