

Once  
Liam Gallagher

[Intro] D

D Bm  
It was easier to have fun back when we had nothing  
F#m  
Nothing much to manage  
Em  
Back when we were damaged

D Bm  
Sometimes the freedom we wanted feels so uncool  
F#m  
You just clean the pool  
Em  
And send the kids to school

G D  
But oh I remember how we used to shine  
A  
Back then  
G D  
You went down so easy like a glass of wine  
A  
My friend  
G D  
When the dawn came up you felt so inspired  
A  
To do it again  
Em D9/F#  
But it turns out  
G D  
You only get to do it once

D Bm  
I think it's true what they say that the dream is borrowed  
F#m  
You give it back tomorrow  
Em  
Minus the sorrow

D Em  
And the pain she just comes in to break up the daydream  
F#m  
Her knife edges waving  
Em  
To keep from feeling the same thing
