

Paper Crown
Liam Gallagher

[Intro] **E E9**

E **B6**
When they gave you roses and believed your wild excuses
A E
You were sealing the deal
E
Halfway down the road and ain't it
B6
Funny how the ghosts they fade and
A G#m
Suddenly appear

A F#
You went too far
E A
Oh, woman, now you're feeling the fear
E A
Cause you've never been alone before, oh
E A
And the wolf is at the door, oh
E G#m A
Now it's better if you hold your breath and don't look down
F# Asus2 E E9
At the pages of your paper crown

E B6
You reached out for more and as the waves hit at the shore you felt
A E
The fading of your will
E B6
Choke back the matter from the bottom of the ladder ask me
A G#m
If I love you still

A F#
You went too far
E A
Oh, woman, now you're feeling the fear
E A
Cause you've never been alone before, oh
E A
And the wolf is at the door, oh
E G#m A
And the hounds of hell, they won't lie down
F# Asus2 E
On the ashes of your paper crown

B **A**
In the bright light of the sun
E **D** **A**
Will you make sure everyone can see your face?

B **A**
You make fun of everyone who falls
E **D** **A** **F#**
And meantime they were saving you a place

A **E** **A**
Cause you ve never been alone before, oh

E **A**
And the wolf is at the door, oh

E **G#m** **A**
And the talking heads don t make a sound

F# **Asus2** **E**
At the aging of your paper crown

F# **A**
It s better if you don t look down

F# **Asus2** **E**
At the pages of your paper crown
