

Heroin Dreams
Life of Agony

F **Bb**
And it was never enough
F **Bb**
And it was never enough now
F **Bb**
That heroin stuff
F **Bb**
Traveling through Daddy s arm now

F **Bb**
Cuffed in that junk who knows if I would survive
F **Bb**
Once you start shooting, forget living life
F **Bb**
Lost in your shadows, no soul, no backbone
F **Bb**
Sucked in, locked down, spinning breakdown, heroin whores

F **Eb** **Bb**
Everybody s talking about heroin dreams...
F **Eb** **Bb**
What the fuck you gonna do with the rest of your life?

F **Bb**
Scream at me, back slap me, chew off my ears
F **Bb**
And I can t stop this sickness, I ve been trying for years
F **Bb**
Deeper and deeper lies, sensational fears
F **Bb**
They re here just to guide you as we age through the years

F **Eb** **Bb**
Everybody s talking about heroin dreams...
F **Eb** **Bb**
What the fuck you gonna do with the rest of your life?
F **Eb** **Bb**
What the fuck you ganne do with the rest of your time?

F **Eb** **Bb**
I m lost in your shadows...
