D F#m Bm G
Eyes wide, I m losing sleep again
D F#m Bm G
You re all I see in these dreams and it never ends
D F#m Bm G
And I know that it might be a stretch, but I confess
D F#m Bm G
That I m waiting for you to come home

D F#m
Why would you think that I m terrible
Bm G
If I lay down beside you and thought of that time
D F#m Bm G
In the summer when I found you

(same chords)
I know that this was my fault
I let you go all alone with the rest of my heart
I don t care if you re with him
Just take your time and know that
I m still waiting for you to come home

Why would you think that I m terrible
If I lay down beside you and thought of that time
In the summer when I found you

D F#m
Would it be so cliché if you took my last name
Bm G
Cause as I get older, still nothing feels colder
D F#m Bm G
Than winter without you here

Am Bm Am Bm
If I could make it back to Carolina
Am Bm Am Bm
I believe I d find sleep in your arms

Cm **Bm**
Just don't tell me that it's over
Cm **Bm**
Cause I'm stupid, I'll be sleepless
Am **Bm** **G**
Cause you're where I want to be

D **F#m** **Bm**
Babe, be with me, be with me now
G **D** **F#m** **Bm** **G**
And I will just love you until the end of time

(same chords)
Why would you think that I'm terrible
If I lay down beside you and thought of that time
In the summer when I found you

Would it be so cliché if you took my last name
Cause as I get older, still nothing feels colder
Than winter without you here

Eyes wide, I'm losing sleep again
