All I want now is to be with you

D5

Cause you know I've been everywhere else

D **D/F#** **Amaj7**

Looking back at what you got me through

D **D/F#** **Amaj7**

You knew me better than I knew myself

Bm **A/C#** **E**
When I feel lost and I can't find my way

Bm **A/C#** **E**
When words are at a loss I can hear you say

I'll be by your side, when all hope has died

D **E** **A** **F#m**
I will still be around oh and I, I'm still on your side

Bm **D** **E**
When everything's wrong, I will still be around

D **D/F#** **Amaj7**
By your side

Fighting my way back to where you are
The only place I ever felt at home
Stumbling backwards through the dark
I know how it feels to be alone

And where we go is where I wanna be
And in the silence I hear you say to me

I'll be by your side, when all hope has died
I will still be around, oh and I, I'm still on your side
When everything's wrong, I will still be around

F **C** **G**
I can't wait another day to show my space between

Am **C** **G**
Your heart and mine, and you're all that I need
