

Come Back Down
Lifehouse

(C# Ebm F# Ebm)

Staring right back in the face
A memory can t be erased
I know, because I tried
Start to feel the emptiness
and everything I m gonna miss
I know, that I can t hide

(F# Ab)

All this time is passing by
I think its time to just move on

Refrão:

(C# F# Ebm F#)

When you come back down
If you land on your feet
I hope you find a way to make it back to me
When you come around
I ll be there for you
Don t have to be alone
With what you re going through

(C# Ebm F# Ebm)

Start to breathe and fake a smile
Its all the same after a while
I know, that you are tired
Carrying the ones you lost
A picture frame with all the thoughts
I know, you hold inside

(F# Ab)

I hope that you can find your way back
To the place where you belong

Ponte:

(A Em)

You re coming back down
You say you feel lost, can i help you find it
When you come around
From time to time we all are blinded
You re coming back down
You don t have to tell me what you re feeling
I know what you re going through
I wont be the one that lets go of you

(C# F# Ebm F# Ab)

(**F# Ab**)

I think its time to just move on
