I think this also sounds good for the other half of the chorus:

When you are doing the slides from 577 to 220 for the end, make sure you strum, NOT slide. I put slide because in a way you are but its mostly strumming and sliding quickly

You stay at the 466 and 355 for just like a half second then go down. It s very quick

and I think it adds a bit of style to it. It sounds nice.

I hope everyone likes this!!!!
