

**Smoke Mirrors**  
**Lifehouse**

(intro) **Em G D Em G D Em G D C#5**

**C9** **D**  
There was a time, was a place back when  
**C9** **D**  
You and I were living alone together  
**C9** **D**  
We held each other in the middle of the night  
**C#5**  
And swore we d somehow make it better  
**C9** **D**  
We set our sights on the big city lights  
**C9** **D**  
No moss on these rolling stones  
**C9** **D**  
And here we are with everything we ever wanted  
**C#5** **C5**  
But now we re together alone

(refrão)

**Em G D**  
Gotta break out of this place we re in  
**Em G D**  
Running out of time and out of sin  
**Em G D C#5 C5**  
We were living smoke and mirrors anyway  
**Em G D**  
Gonna drive all night til we disappear  
**Em G D**  
Chasing down the miles so far from here  
**Em G D C#5**  
As the smoke and mirrors start to fade away  
**C5**  
We re still the same

(repete as notas)

I remember thinking we could make it out somehow  
If somehow we ever took a chance  
We packed up what we had and threw it in the trunk  
Didn t give our life a second glance  
Now the days roll hard and the nights move fast  
They say be careful what you wish  
But having everything means nothing to me now  
What we had is everything to miss

(repete notas refrão)

Gotta break out of this place we re in  
Running out of time and out of sin  
We were living smoke and mirrors anyway  
Gonna drive all night til we disappear  
Chasing down the miles so far from here

**Em G D C#5**

As the smoke and mirrors start to fade away

**C5 C#5 C5**

You know we re still the same...Oooohh Still the same

**C#5 C5 Em G D Em G D Em G D C#5 C5**

Ohhhhh.... whoaaa ... whoaa ... Whoaa

(repete notas refrao)

Gonna drive all night til we disappear  
Chasing down the miles so far from here  
As the smoke and mirrors start to fade away  
And we re all we ve got so let s hold on tight  
To the dreams that came before the fight  
We were living smoke and mirrors anyway

Whoaaa!
