

**Goodbye Heartbreak**  
**Lighthouse Family**

Capo on 3

*verse 1:*

**C**

Don't be blind

**Gm7**

In all the faded light

**F**

**G**

Something great is happening in your life

**C**

But all the noise

**Gm7**

Is drowning out your voice

**F**

No wonder you've been feeling down

**G**

From time to time

**C**

You know that you'll survive

**Gm7**

The day you realise

**F**

**G**

You can't stop day from turning into night

*Bridge:*

**C**

**G**

Hey, you know you're gonna live

**F**

To fight another day,

**Fm**

It's just today things ain't so good.

**C**

**G**

Get yourself back again,

**F**

You've got so much love

**Fm**

That you can't afford to lose

**C**

**Gm7**

Goodbye Heartbreak

**F**

Don't look for me

**G**

Cause I don t need you now

**C** **Gm7**

So long heartache

**F**

Don t look for me

**G**

Cause I don t need you now.

**C** **Gm7**  
I don t need you now, I don t need you now

**F** **G**  
I don t need you now, Hey

**C** **Gm7**  
I don t need you now, I don t need you now

**F** **G**  
I don t need you now, Hey

*verse 2:*

**C**  
Do you remember as a girl,  
**Gm7**  
You had a picture of the world

**F** **G**  
And you d think about the great things you would find?

**C**  
The thing is 9 to 5  
**Gm7**

And a struggle to survive  
**F** **G**  
Ain t exactly what you had in mind.

**C**  
But that s the beauty of life,  
**Gm7**

It takes a while to find,  
**F** **G**  
And you can t have things your own way all the time

*Bridge:*

**C** **G**  
Hey, you know you re gonna live

**F**  
To fight another day,  
**Fm**  
It s just today things ain t so good.

**C** **G**  
Get yourself back again,

**F**  
You ve got so much love  
**Fm**  
That you can t afford to lose

*Chorus (Repeat twice to fade):*
