

Wondering What Everyone Knows  
Lightning Dust

Lightning Dust - Wondering what everyone knows

---

2/4

-----

1)

**Am**            **Dm**            **Am**  
I never walk in the street  
                 **Dm**                    **Am**  
Or gather round where people meet  
         **Dm**            **Am**  
With you on my head  
         **Dm**            **Am**  
And me on my toes  
**Dm**                    **F**            **Dm**  
Wondering what everyone knows  
**Dm**                    **F**            **Am**  
Wondering what everyone knows

2)

I buy a stamp for the post  
But all my letters are lost  
With you on my head  
And me on my toes  
Wondering what everyone knows  
Wondering what everyone knows

Refrain:

**C**                    **G**  
Darkness in white  
                 **Am**                    **Dm**  
You can feel through the light  
         **G**                    **F**            **Dm**  
Of the darkest cloud and touch my hand  
Darkness in white  
You can feel through the light  
Of the darkest cloud and touch my hand

3)

You are a sound in my head  
Sew up my ears with your thread  
With you on my hand

And me on my toes  
Wondering what everyone knows  
Wondering what everyone knows

Refrain...
