

Siberia
Lights

F Am G
Oh

F G
From the busy park to the icy tide
C Am
Someday we ll decide where we want to live out our lives
F G C
Form out into sparks, tumbling along
Am
Keeping the heat on even though summer s come and gone

F G
I would sail across the east sea just to see you on the far side
C Am
Where the wind is cold and angry, there you ll be to take me inside
F
We ll find ways to fill the empty
G
Far from all the hysteria
C Am
I don t care if we suddenly find ourselves in Siberia
F G
Siberia
F Am G
Oh

F G
Inside a street car
C
Or on a mountain trail
Am
Details, details, you breathe in when I exhale
F G
C
No matter where we are or which way the wind blows
Am
Or how heavy the snow, nothing can change where we will go

F G
I would sail across the east sea just to see you on the far side
C Am
Where the wind is cold and angry, there you ll be to take me inside
F
We ll find ways to fill the empty
G
Far from all the hysteria

C **Am**
I don t care if we suddenly find ourselves in Siberia

F **G**
Siberia

F **G**
We ll leave Canada for Siberia

F **G** **Am** **G**
