C **G** **Am** **F**
He s on my schedule, he s always there on time
C **G** **Am** **F**
He s never difficult, and he ll always be mine
C **G** **Am** **F**
One day, someone said to me if you re ever in a bind
C **G** **Am** **F**
Won t you make time for me and maybe change your mind?

F
All I said was

F **G**
That all really depends
 C C7 **Am**
I m not even out there looking for friends
F **G**
I think you should know
 C C7 **Am**
Boy, that I got it bad for most
F **G** **C**
I can boast I ve been sleeping with a ghost

Same thing for rest of song

He listens to me
Holds me when I m down
He ll never be unkind and he ll never skip town
One day, someone said would you ever love another man?
If he walks out on you, I ll love you yes I can

All I said was

That all really depends
I m not even out there looking for friends
I think you should know
Boy, that I got it bad for most
I can boast I ve been sleeping with a ghost
