Up Up and Away - Lights

Tabbed by: Jerkzillaaa
Email: gummibears_17@yahoo.com

Capo 3rd fret
Standard tuning
*play this along with the live version not the album version

[VERSE:]

Em **D** **G**
We had a rocket
 Em **D** **G**
That fell out of orbit
Em **D** **G**
We couldn t stop it
Em **D** **G**
We couldn t control it
Em **D** **G**
We ran a good course
Em **D** **G**
It was a good flight
 Em **D** **G**
But I felt the hard force
Em **D** **G**
Holding me too tight

[CHORUS:]

C **G** **D**
We are rockets in the sky
 C **G** **D**
We are planets passing by
C **G** **D**
Up up and away
 C
Forget me
G **D**
Go your own way

Em **D** **G**
Sometimes a heart cools
Em **D** **G**
After the ship goes
 Em **D** **G**
And sometimes the mind fools
Em **D** **G**

Only the body knows

[CHORUS]

[INTERLUDE:] **G D G D G Em G D Am D** (not positive about that part)

[CHORUS (x2)]

[ENDING] **Em D G** x2 (end on **G**)
