I Wanna Know

Verse 1

**A**            **C#**                            **E**                            **B**  
I wanna know you cause I know that you know me  
**A**            **C#**                            **E**                            **B**  
I wanna hear you cause I know you can hear me here.  
**A**            **C#**                            **E**                            **B**  
I wanna see you cause I know you can see me  
**A**            **C#**                            **E**                            **B**  
I wanna Know you and I try so hard

Chorus

**A**                    **C#**                    **E**                    **B**  
I wanna know I wanna see I wanna live for You  
**A**                    **C#**                    **E**                    **B**  
I wanna know I wanna see I wanna follow You

Verse 2

**A**            **C#**                            **E**                            **B**  
I wanna follow cause I know you can lead me  
**A**            **C#**                            **E**                            **B**  
I wanna love you cause I know that you love me too  
**A**            **C#**                            **E**                            **B**  
I wanna live for you cause you would die for me  
**A**            **C#**                            **E**                            **B**  
I wanna know you and I try so hard

Bridge

**F#**                    **G#**                            **A**                            **B**  
Give me the peace of mind that doesn't come from here  
**F#**                    **G#**                            **A**                            **B**  
Give me the strength I find from no one else no where else  
**F#**                    **G#**                            **A**                            **B**  
Give me the peace of mind that doesn't come from here  
**F#**                    **G#**                            **A**                            **B**  
Give me the strength I find from no one else
