

Drop The World

Lil Wayne
Drop The World

Once you get the steady rythm of the chords, it stays the same
you can play louder in the chorus for effect if you
want, but all through the faster rap the rythm stays the same and everything.

Apologies if lyrics are wrong I copied and pasted them.

Standard Tuning

Verse 2

I know what they don t wanna tell you
Just hope you re heaven sent, and you re hell proof
I walk up in the world and cut the lights off
And confidence is a stain they can t wipe off
Uhhh, my word is my pride
But wisdom is bleak and that s a word from the wise
Served to survive, murdered and bribed
And when it got too heavy I put my burdens aside

Chorus

So I could pick the world up and I m a drop it on your fuckin head, ha ha
yeahh!

Bitch, I m a pick the world up and I m a drop it on your fuckin head
(YEAH) And I could die now rebirth mother fucker
Hop up in my spaceship and leave Earth
Motherfucker I m gone
Motherfucker I m gone

I m gone

Verse 3

It hurts but I never show, this pain you ll never know
If only you could see just how lonely and how cold
And frostbit I ve become, my back s against the wall
When push comes to shove I just stand up and scream Fuck em all!
Man it feels like these walls are closin in
This roof is cavin in, but it s time to raise it then
Your days are numbered like pages
And my book of rhymes got them crookin boy
This crooked mind of mine got them all shook
And scared to look in my eyes
I stole that fuckin clock, I took the time
And I came up from behind and pretty much snuck up
And butt fucked this game up
Better be careful when you bring my name up
Fuck this fame, that ain t what I came to claim
But the game ain t gonna be the same on the day that I leave it
But I swear one way or another I m a make these fuckin haters believe it
I swear to God, won t spare the rod
I m a man of my word, so your fuckin heads better nod
Or I m a fuck around in this bitch and roast everybody
Sleep on me that pillow is where your head ll lie

Permanently bitch, it s beddy bye
This world is my Easter egg, yeah prepare to die
My head is swole, my confidence is up
This stage is my pedestal, I m unstoppable
Incredible hulk you re trapped in my medicine ball
I could run circles around you so fast your fuckin head ll spin, dawg
I split your cabbage and your lettuce and olives
I ll fuckin

Chorus

Pick the world up and I m a drop it on your fuckin head, yeahh!
Bitch, I m a pick the world up and I m a drop it on your fuckin head
And I could die now rebirth mother fucker
Hop up in my spaceship and leave Earth
Mother fucker I m gone
Mother fucker I m gone
I m gone
