Sometimes we try to find a road to the riches, need roadside assistance
Blisters on my knees from beggin for forgiveness
Ain t no dollars on my trees, but mileage on my feet
Cause I ve been climbin to the peak and runnin from the bullshit
I m tired of playin the same song, who told the DJ bring it back
Dead presidents bullet in Abraham Lincoln hat
Starin at big posts, I sware that he be wankin back
Cut school, sell crack, sorry I m just thinkin back

(The same chords as chorus)

Call me crazy I ve been called worse
It s like I have it all but what s it all worth
I m probably better in my afterlife
I should cherish life but this ain t paradise

(Chorus)
