Lyrics:
I m lying awake in my bed and I wish you were here
I m tired and lonely and horny without you, my dear
I m writing a manifesto, sending a telegram
I ll be a lady if you be a gentleman

I m floating away from my pillow and into the woods
I m finding my way to your heart by the light of the moon
The forest can tell I m under your spell, you re taking me out of shell
I ll be the penny if you be the wishing well

I m floating away from my pillow and into the woods
You said you wouldn t go because you told me so, but I knew that you would
Enchantment, enchantment

Gonna get me high
Gonna get me high (gonna get me high)
Enchantment, enchantment, enchantment
Gonna get me high

I m flying a cloud to the other side of the world
I m guided by the stars of love, a whisper in my ear
I feel the kinda lonely only you can understand
I ll be a lady if you be a gentleman

Diary, diary knows me well
I could write all day and I never would get done
The sun is in my heart and the moon is in the sky
I ll be the riddle if you be the lullaby

There s a little cafe at the end of the world
Everybody knows that s where everybody goes
So I knew that you would
Enchantment, enchantment

Gonna get me high
Gonna get me high (gonna get me high)
Enchantment, enchantment, enchantment
Gonna get me high
Gonna get me high (gonna get me high)
Enchantment, enchantment, enchantment
Gonna get me high
