

Back To The River  
Lily & Madeleine

**Eb**                    **G#**                    **Eb**                    **G#**                    **Eb**                    **G#**  
If only my feet could fall as fast as a heart does  
**Eb**                    **Bb**  
I would be so long gone  
**G#**    **Eb**                    **G#**                    **Eb**                    **G#**  
But I m stuck,                    stuck under your thumb  
**Eb**                    **Bb**  
I can t get up  
**G#**    **Eb**                    **G#**    **Eb**                    **G#**    **Eb**  
I can t get up,                    up,                    up-  
**Bb**  
-I can t get up

If only my eyes could see as high as a mountain  
Or wherever your heart s gone  
But I have fallen on the bank of this river  
I can t get up  
I can t get up, up I can t get up

If only my heart could speak into this river  
And you d drink me up  
I could be free of all these lonesome shivers  
I could give myself up (give myself up)

We all go back to the river  
We will all come undone  
And there you will be, my love, with the faintest touch  
And I will give myself up  
Give myself up, up, up-  
-I will give myself up
