Hi, just like 90% of the tabs I find, the author couldn't find them and did it themselves. The same is true here, so if you find any mistakes, just email them to me and I'll get 'em fixed.

The whole song is basically C to F to Am to G with an F thrown in every now and then to be held or strummed for a few measures.

Standard Tuning

No Capo

\* = strum once and hold

# = silence directly after strumming
