Too Deep

Linda Perry

Artist: Linda Perry Song: In Too Deep

This is an excellent song from her album, In Flight, but you do need a good strong voice!.

Am Dm G Am

Sun warm me while I sleep give me confident a head full of dreams
lift me to where you are let me lay upon your bright yellow star
the sound thats pulsing in my ear is the pressure that I constantly hear

chorus:

C G Dm Am

I m just a dreamer I can t wake from sleep
I am a flyer but I m getting too deep

Lost in a world that s so arranged common people just a link in a chain
Stop so much anger tortures me If I m happy it still won t set me free

chorus x 2
