The Long Way Around

C# Fm F# C#
It s a cinch that I ve been wrong
F# G# C# Bbm
And it s clear it s not been long
F# G# C#
Since I was hard on you
Fm F# C#
But now a time has come
F# Fm Bbm
When yesterday don t mean nothin
C# Fm F# D# F# C#
Now I m in love with you and you ve taken me the long way around

Take a look how young we are
A month has changed the moon and the stars
Changing the things we do
You ve been lookin for something strong
When other things don t mean nothin
Now I m in love with you and you ve taken me the long way around
B C#
Well I can t see beyond the doubt that s in your eye
B E F# G#
It s on the outskirts of my fading alibi
