

Try Me Again

Linda Ronstadt

Try Me Again

G **Em** **D** **C** **G**
Well I drove past your house last night and I looked in the window
Em Bm Am7 C G
Lately I ain't been feeling right and I don't know the cure, no
D C G Am7 D7 C
Still I can't keep from wondering if I still figure in your life
Em Am7
Could you take me back and try me
D7 C G/B
Try me again
Am7 D7 G
Could you try me again

I drove around in this lonesome town, felt just like a beginner
Friends I saw they just brought me down, they're so cynical and bitter
Well I guess I'm just like them now I never thought I'd turn out like that
Could you take me back and try me
Try me again
Could you try me again

B Em
Well you say that I cheated,
B G C
I was not what you needed
F#m7 B7
Well you're not being ki-i-ind
Em A7 Am7
When you say you tried and you know you lied, my hands are tied
D7 C G/B
Woah, try me again

C G/B Am7
I'm gonna knock on your door
D7 C G/B Am7
Till you say you'll come back to me and love me some more
Oh oh try me again
Will you try me again
Woah, try me again
