

Disconnected
Lindsay Lohan

The other tab was so wrong for the intro and verses so I decided to make my own tab for it.

```
e-----3-----3-----3-----|
b---1--1---1---1---1---1-----|
g-----|
d-----1h3-3-----|      play twice for intro
a-3-----1-----0-----3-----|
E-----|
```

(the chords are C5 Bb Am, but play the hammer part cause I m not sure what the chord may be for it)

Verse 1:

```
C5      Bb      Am
Sleeping awake and awake when I m sleeping
C5      Bb      Am
I ve got a dry kind of thirst when drenched
C5      Bb      Am
Oh sunny days, all i can see is a shadow
C5      Bb      Am (let it ring)
and i m not about being under
C5      Bb      Am
and i m at the brink though i know that i m empty
C5      Bb      Am
and i always hide when it s my turn to seek
C5      Bb      Am
my only belief is not do a thing in believing
C5      Bb      Am (let it ring)
before i begin, i m over
```

(Disconnected)

chorus:

```
C5      G#  D#  Bb      g-13--12--10--12

C5 **Bb** **Am**
Quietly loud, while i m noisily silent
C5 **Bb** **Am**
keep holding my breath, while i m trying to breathe
C5 **Bb** **Am**
swimming against all of the waves and the rapids
C5 **Bb** **Am** (ring)
I only win, when I m losing

(Chorus)

F **Bb**
cause all in all, I m disconnected
