

Take My Hand
Lindsay McCaul

C **Am**
I heard you say it I know you did
F **G**
You called me out into the waves and wind
C **Am**
and for a moment i was brave and strong
F **G**
but now everything is going wrong

F **G** **Am**
Didn t you know that i d be scared
F **G** **Am**
couldn t you see I was unprepared
F **G** **Am** **G**
I m not asking for reasons you hold all the safty of land
F **G** **C**
I just need you to take my hand

C **Am**
I could have stayed back where i was before
F **G**
And never met you in this ragging storm
C **Am**
Your telling me that faith is all I need
F **G**
But fear is all that I can find in me

F **G** **Am**
Didn t you know that i d be scared
F **G** **Am**
couldn t you see I was unprepared
F **G** **Am** **G**
I m not asking for reasons you hold all the safty of land
F **G** **C**
I just need you to take my hand

F **G**
Cuz I would be ok if you take my hand
F **G**
I wouldn t be afraid if you take my hand
F **G**
All would fade away if you take my hand
F **G**

If you take my hand

F **G** **Am**
Didn't you know that I'd be scared

F **G** **Am**
couldn't you see I was unprepared

F **G** **Am** **G**
I'm not asking for reasons you hold all the safety of land

F **G**
I just need you to take

Am **G**
Won't you please come and take

F **G** **C**
I just need you to take my hand
