Since we in the club

For now

Might as well get another round

Notice there ain t nothing in your cup

So get here baby let me fill it up

Go girl,
Its your birthday
Open wide, I know you re thirsty
Say Aah
Say Aah
We don t buy no drinks at the bar
We pop champagne cuz we got that dough
let me hear you say

Pocket full of money
Club goin jump
Til I rock inside the doorway
Bottles of the rose
Smellin like Dolce and Gabbana
Shawty you the baddest and to meet you is an honor
Lil mama
I got a table waiting
What you think about a convo
And if you like it baby we could take it to the condo
And if you like the condo
We could move the party to the bedroom
Momma beat your body like a congo
