Tired mechanical heart

Beats til the song disappears

 F   **G**
Somebody shine a light
                Am
I m frozen by the fear in me
              Em
Somebody make me feel alive
          F
And shatter me
             G
So cut me from the line
             Am
Dizzy, spinning endlessly
             Em
Somebody make me feel alive

And shatter me!
