This is another ver cool song from, an umbelievable band. Remixed by Alchemist and featuring Chali 2na, this is trully a very different fill for one of LP s best and hardest tracks. Instead of the Metal feel there best known for, this song is completely hip hop/rap. When it comes to bass this is a ver simple song, consintrating only on one small riff, with a very easy Rhythm. With a pause or a fill very rarely found. I have it tabed for both 4 and 5 strings, so have fun. Peace Ya ll.

Tuning: Standard 5-String: **B, E, A, D, G**

Drop Tuned 4 String: **D, A, D, G**

Chorus (I guess): 4x

Pause: (no Bass)

Verse 2: 8x
