Linkin Park

I would have sailed away
If I d known that nothing would change
staring out my window sill
In my wasted prison cell

D **E**
And I know what you want
D **E**
And I know what you fear
D **E**
As I cradle your loving
D **E**
And watch you disappear

Refrão ----- **D** **A** **F**
And I feel your heartbeat
D **A** **F**
Pounding in my head
D **A** **F**
I like to control you
D **A** **F**
Cause I can t control myself
D **D A E D A F**
Myself-----

D
Rain,
A **F**
Come my way
D
Mold my head
A **F**
Like a ball of clay
D **A** **F**
Softly wither into my grave
D **A** **F**
Never to see, the sun again

(Refrão)

D **A** **E**
All alone in a crowd by myself
D **A** **E**
So sorry,wish I could find a way
D **A** **E**
Back into your hole again
D **A** **E**

But I ve become your enemy

(Refrão)
