[Intro] Am F Am F

When you were standing in the wake of devastation
When you were waiting on the edge of the unknown
With the cataclysm raining down, insides crying save me now
You were there and possibly alone

Do you feel cold and lost in desperation
You build up hope of failures, all you ve known
Remember all the sadness and frustration
And let it go, oh oh oh oh, let it go

And in the burst of light that blinded every angel
As if the sky had blown the heavens into stars
You felt the gravity of temper grace falling into empty space
No one there to catch you in there arms

Do you feel cold and lost in desperation
You build up hope of failures, all you ve known
Remember all the sadness and frustration
And let it go, oh oh oh oh, let it go
