

**We Made It**  
**Linkin Park**

MY FIRST....

It should be really simpleâ€|  
Suggest on putting a little distortion

INTRO: **AM C G D**

I suggest on doing G like This : 32xx33

sounds much better

rest of the song is rap so here is the chours

**AM** **C**  
Together we made it (you see we did it niggas)  
**G** **D**  
We made it even though we had our backs up against the wall (c mon)  
**AM** **C**  
Forever we waited (haha!)  
**G** **D**  
And they told us we were never going to get it  
**AM**  
but we took it on the road (to the riches)  
**C**  
on the road (to the ghetto)  
**G** **D**  
on the rooooooad (in the projects to this bangin instrumental)  
**AM**  
on the road (ride with me) \*yeah, yeah\*  
**C**  
on the road (you come and get it) \*yeah, yeah\*  
**G** **D**  
on the rooooooooooad \*yeah, yeah, yeah, yo!\*

Thats about it....
