( Am G F )

The first time I looked in your eyes  
It was so clear to my surprise, my heart stood still

I've heard it time and time again  
That when you fall you can't pretend, true love is real

I know with you I do belong  
You are my voice my simple song  
You re all I need

The joy I feel when love is blind  
You re everything I need to find  
My search is through

Babe I love you  
I love you

Babe I love you  
I love you

Cause I know with you I do belong  
You are my voice my simple song  
You re all I need

And the joy I feel when love is blind  
You re everything I need to find  
My search is through

Babe I love you  
I love you
