Lionel Richie - Just for you

[Intro]

Bass only: **G D A**

[Couplet]

G D A

Golden days, life was play
Pain was all a world away
We went to school we learned the rules
We trusted all they had to say
Then life took a turn
We had to learn
And we can't go back again

[Refrain]

G Bm A

And my heart is breaking Just for u, just for u
And my arms are open just for u just for u
Just for u

[Couplet]

G D A

God was god, dreams were dreams
Life was all big and I scream
Truths were true and lies were lies
We thought love would never die
But the world moved on
My illusions gone
And I don't know who to blame

[Refrain]

G Bm A

And my heart is breaking Just for u just for u
And my arms are open just for u just for u
And these tears I'm crying are just for u just for u
Just for u

[Bridge]

A G Bm x2

A

I'm looking for protection

Give me shelter from the storm
I just hope this light inside me keeps me strong
ohhhh ohhhh
