I would give it all just to be with you again

We have walked together where angels go

F#m Abm A B
And we found the place inside us, That only we could know

E E6 A E
So I still walk on through the night and through the rain

E E6 F#m E
I would give it all just to be with you again

E E6 A E
That s the way life goes like a whisper in the wind

E E6 F#m E
But I ll take that fall, Just to be with you again

F#m Abm A B
Can I find a reason? Can I find a way?

F#m Abm A B
Cause the words I need to tell ya, Are the words I didn t say

E E6 A E
So I still walk on through the night and through the rain

E E6 F#m E E A E E F#m E
I would give it all just to be with you again

I see you standing in the doorway with that look that s in your eyes

And the feeling that I feel will never die

E E6 A E
So I still walk on through the night and through the rain

I would give it all just to be with you again
