You were the one who ran away

If you could feel the pain your confusion has caused me

You would have stopped before you spoke

Listening to lies, the pain doesn't suit me

He gift that you gave me, I put it away

I couldn't look at it, it made me think of you

You get in the way

I light firecrackers

You step on the sparks

You change your shoelaces

I light firecrackers

Spend time alone, find a stick in the basement

Drink water and gold dust and die of impatience.

Electric like static, and no need to speak.

It's not right but it's not wrong

So I wrote this song

So I wrote this song- is that what you want

You got what you want - does it make you feel better?

A smirk on your face and a gun at my head,

You come to my place and ask to be fed

Chorus:

E7 A

You change your shoelaces

Bm

I light firecrackers

You step on the sparks
