Everybody go, the party s over
I want to be alone in my head, in my bed tonight
You never show
You must really love her
You think I don t know but I do, yeah it s true
I think over is over

G **F** **Am** **C** **G**
I m back to where I started when it comes to wanting you
G **C** **Am**
I can t have what I wanted

G C **G C** **G C** **G C** **G C** **G C** **G C** **G C**
But I did, I can, I was, I am only human, living, dying
G C **G C** **G C** **Fmaj7**
Just like any fool who ever breathed

G C **G C** **G C** **G C** **G C** **G C**
If love is blind, if love s a drug, it always is, it always was
G C **G C** **G C** **Fmaj7**
And love was surely made for fools like me

I know where I m going
I m tripping I m sliding around
That s ok, at least I m excited
It wasn t how I planned it, wasn t how I planned it
Feet are where I landed
At least I understand it now
My feet are where I landed
Feet are staying on the ground

But I did, I can, I was, I am only human, living, dying
Just like any fool who ever breathed
If love is blind, if love s a drug, it always is, it always was
And love was surely made for fools like me
Fools like me, fools like me
I did, I can, I was, I am only human, living, dying
Just like any fool who ever breathed

Maybe it s the sanest thing

Or just the sweetest kind of dream
But love was surely made for fools
Love was surely made for fools, love was surely made for fools
Love was surely made for fools, love was surely made for fools like me
