

**We Could Still Belong Together**  
**Lisa Loeb**

**D-F#m G**

If I hold my breath  
If I shut my eyes  
If I disappear

**Am7 G**

Just for the afternoon

**D-F#m G**

If I can't help shouting  
If I lock you out  
And if it's not important  
Completely unimportant  
To anyone else but me

**D-F#m G**

We could still belong together (We could still belong)  
And together is much better

**Am7**

We're okay so hey don't worry now

**G**

Oh wow

**D-F#m G**

If I interrupt and  
If I cut you off and  
If I like attention and  
Other worse things I could mention

Chorus x2

**D-F#m G**

But if you make a mistake

**Am7**

We're through

Chorus x2

Oh wow.

**D-F#m G**

This, I complicate I know  
It's just my way but  
If it's a question  
That I ask and nothing more.
