Am/F/E

So once I had a little house in the country babe
In the country, I was living in the country with you
And the man down the corner had a funny little hat
And he wore little buttons all down his back
And little did he know that he really had to go and give it to the
neighbourâ€™s cat, to the neighbourâ€™s cat
And the neighbourâ€™s cat with the funny little hat all day

F/G/Am/F/G/E

Oh be careful what you wish for, â€™cause it might come true
Oh be careful what you dream for, â€™cause itâ€™s staring back at you,
oh itâ€™s staring back at you

Am/F/E

Can you march to the beat of the sugar plum fairy drums
With the fairy drums or the sugar plums of a marching tune
To the rhythm of the rhythm of the tap-a-tap-tap and the
guillotine man in the baseball cap
And no one could tell just quite where he fell â€™cause he fell down a
pavement crack, down a pavement crack
And the pavement crack really (????) you hell and back.

F/G/Am/F/G/E

Oh be careful what you wish for, â€™cause it might come true
Oh be careful what you dream of, â€™cause itâ€™s staring back at you,
â€™cause itâ€™s staring back at you

Am/F/E

Well I play guitar and you play guitar
And you play guitar and I play guitar
And I play guitar and you play guitar
And you play guitar and I play harmonicarr

Harmonica Solo

F/G/Am/F/G/E

Oh be careful what you wish for, 'cause it might come true
Hey yeah be careful what you dream of, 'cause it's staring back at you,
'cause it's staring back at you

Just Am for first half then back to Am/F/E

Oh you shouldn't of done that, you shouldn't of done that, you shouldn't
of
done that, you shouldn't of done that, you shouldn't of done that, you
shouldn't of done that, you shouldn't of done that, you shouldn't of done,
no, you shouldn't of done that, you shouldn't of done that, you shouldn't
of
done that, you shouldn't of done that, you shouldn't of done that, you
shouldn't of done that, you shouldn't of done that, you shouldn't of done
that,

F/G/Am/F/G/E - End on Am

Oh be careful what you wish for, 'cause it might come true
'Cause it might, no, be careful what you dream of, 'cause it's staring
back at you,
'cause it's staring back at you
