

Bless This Mess
Lisa Mitchell

E **B C#**
Oh, I go running round the galaxy, baby,
E **B A**
Waiting on my life to come save me.
E **B C#**
But there s nothing like infinity, baby,
E **C#** **B E**
It s this Mess that I Bless when I break free.

E A C#
I let go
E A C#
Feel like Death Row
E A C#
And, Time
E A C#
All I ve got, all I ve got is time

B **C#** **A**
Well, I could live in this Cage that I ve made,
B **C#** **A**
Memorise where the boundaries lay.
B **C#** **A**
But, I know deep down that This will pass,
B **C#** **A**
This heart of mine will break free at last.

E **B C#**
Oh, I go running round the galaxy, baby,
E **B A**
Waiting on my life to come save me.
E **B C#**
But there s nothing like infinity, baby,
E **C#** **B A**
It s this Mess that I Bless when I break free.

repeat chords for the rest of the song and end on E. enjoy!
