

Miss You Gone

Lit

From the bands awesome new album the view from the bottom

Verse = **E / C / G / B** x2

Pre (I know what you like) = **G / B**

Chorus = **E / C / G / B**

E (you can put in a quick D before the C)
I told you not to call me
C (you can put in a quick A before the G)
Your voice, it wonâ€™t control me
G
I tried to drink you away
B
Youâ€™re always hanging me over.
E
I knew you tried to find me
C
I really wasnâ€™t hiding
G
Youâ€™ve got my back to the wall
B
You whispered over my shoulder
G **B**
â€œI know what you likeâ€•

Em
I love it when youâ€™re leaving
C
I can hear you screaming
G
Something must be wrong,
B
â€™cause I miss you gone.

Em
Yeah, I love the goodbyes
C
Right before the sunrise
G **B**
Knew it all along, and now that youâ€™re here
E
I miss you gone.

We probably shouldnâ€™t do this
Weâ€™ve got the scars to prove it

I see the look in your eyes,
You know that I can't refuse it.
You've got a one track mind
You've got me losing mine
You follow me to my car
You told me over and over
"I know what you like".

I love it when you're leaving,
I can hear you screaming
Something must be wrong,
'cause I miss you gone.
Yeah, I love the goodbyes
Right before the sunrise
Knew it all along, and now that you're here
I miss you gone.

I know what you like.

I love it when you're leaving,
I can hear you screaming
Something must be wrong,
'cause I miss you gone.
Yeah, I love the goodbyes
Right before the sunrise
Knew it all along, and now that you're here
I miss you gone.

Something must be wrong,
'cause I miss you gone, I miss you gone
Knew it all along and now that you're here
I miss you gone.
