C G F
When you lose something

When you lose someone
C G F
the first thing that goes through your head
C G
is if you run fast enough

you just might catch up
C G F
But it don t work like that

C G F
You just gotta watch it fly
C G F
Stand there on the side line
Am
Wanna swallow up your pride
G F
Know it s gonna be alright
C G F
Wish it well and close your eyes
C G F
With a kiss goodbye

C G F
Well the hardest part
