

Lonely Enough
Little Big Town

CAPO ON 4TH FRET

Bm **C**
It's been a long time since I prayed
G
Let the words fall where they may
D **Bm**
Forgive me now for what I'm about to say
Bm **C**
Tired of being on my knees
G
Sick of begging you please
D **Bm**
Since the day you took him away from me
Bm **C** **G**
God, how much more do I have to hurt?
G **D**
How far down do you wanna see me go, tell me
Bm **C** **G**
God, you don't know the sadness of this place
G **D**
You've got the angels and the saints
D **C** **G** **D**
So give me back my love love
D **C** **G** **D**
Don't you think I'm low lonely enough?

Bm **C**
You've got the power in your hands
G
To change the master plan
G **D**
Every star and every grain of sand
Bm **C**
You can bring him back today
G
Just roll the stone away
G **D** **Bm**
Before there's nothing left of me to save
Bm **C** **G**
God, how much more do I have to hurt?
