

**Forget About Me**  
**Little Bit**

Intro: **G-A-Bm-Em-2x**

**G-A-Bm-Em**

Hmm  
Whoaaa  
Oohhh  
Yeahh

**G-A-Bm-Em**

You said it wasn't  
Gonna be like  
It was before  
Then it happened again  
Pushing me back  
Out the door  
Thought it would be  
For real this time  
Love me forget  
About the signs  
So now what do I do  
Now, that I know  
That we're through

**G-A-Bm-Em**

Wish that I  
Could move on  
Can't let go  
It's too strong  
Just like that  
And then you're gone  
Is this how  
You wanted it to be  
Everything you had to say  
Sent the tears  
Right down my face  
Now I'm trying to escape  
The misery

[Chorus:] **G-A-Bm-Em**

Why don't you love me  
The way I loved you  
It feels so crazy  
Cause I dunno  
What I did to you

If you re gonna hurt me  
Then do it quickly  
Cause I m tired of cryin  
If you don t wanna  
Stick around  
Then, baby  
Forget about me

**G-A-Bm-Em**

Too late, sorry  
I didn t even  
Have the chance  
You said you were happy  
Baby  
I don t understand  
Gave you everything  
You asked for  
And was ready  
To give you a lot more  
I would ve given you  
The world  
Right in the palm  
Of your hand

**G-A-Bm-Em**

Wish that I  
Could move on  
Can t let go  
It s too strong  
Just like that  
And then you re gone  
Was this how  
You wanted it to be  
Everything you had to say  
Sent the tears  
Right down my face  
Now I m trying to escape  
The misery

[Chorus]

Why don t you love me  
The way I loved you  
It feels so crazy  
Cause I dunno  
What I did to you  
If you re gonna hurt me  
Then do it quickly  
Cause I m tired of cryin  
If you don t wanna  
Stick around

Then, baby  
Forget about me

**G-A-Bm-Em**

Boy  
My heart was true  
And that you can't deny  
Don't be a fool  
And walk away  
From all the lies  
It's up to you  
Cause heaven knows  
I've tried  
Tell me  
You're still in love  
Yeahhhh  
Ohh

[Chorus]

Why don't you love me  
The way I loved you  
It feels so crazy  
Cause I dunno  
What I did to you  
If you're gonna hurt me  
Then do it quickly  
Cause I'm tired of cryin'  
If you don't wanna  
Stick around  
Then, baby  
Forget about me

Forget about me  
I really loved you...
