Hangin on to the good times

(repeat chords throughout song)

Jaunita she s a little bit older now  
Spotcheck Billy looks just the same  
Three card monte on the boulevard  
With mirrors on his shoes

And I just have to laugh  
When I recall the time down in New Orleans  
Don't ya know  
Rained us out of an indoor show  
We spent our money so fine  
The girls were standin' in line  
Down in the quarters at lucky Pierre's  
A time of our life without any cares

We'd stay up all night  
Tryin' to find just the right rhymes  
And we were fightin' the good fight  
Hangin' on to the good times

Yes old friend we had some times  
And later on the moon declined  
To shine its light so benevolently  
Its grace withheld from our company  
and though we went our own ways  
We couldn't escape from where we came  
So we find ourselves back at the table again  
Tellin' stories of survivors and friends

We'd stay up all night  
Tryin' to find just the right rhymes  
And we were fightin' the good fight  
Hangin' on to the good times
