A

Work everyday for the money wheel

Time they have changed

But you still remain the same

We gotta all bow down to the money

Friends come and go
Watch you stall it in the snow
But you can't look bad with the money

Work everyday for the money wheel (x8)
Work everyday for the money wheel (x16)

Those were the days
We got lost in our ways
We had more on our minds than the money
Oh such a shame as our dreams slip away
As we work everyday for the money

Work everyday for the money wheel (x8)

It's hard to be sensible
When you're untouchable
