Case Closed Little Mix

this sounded all right to me, you can always capo it or transpose or whatever to the key you want to sing at, i m not really sure if this is in the normal key, but yeah.

Intro/verse: Em G D C (its the same through the whole song)

Hits when I m asleep right through I m cold when I wake cause I won t feel you When I can t breathe I know it s you Got a lump in my throat just thinking of you

Makes no difference you ve been tried (Makes no difference you ve been tried) Still sick inside, oh oh It s meant to be over now But I think we re going down (we re going down)

Got your fingerprints as evidence all on my body Put your right hand on the book and you were found guilty I can t wait forever but that s how it s gonna be For me they ll never be

Case closed No matter what the verdict say Case closed Too many questions in my head Case closed And I m still waiting for a while Why there can never be Case closed

Behind these walls, so tall I don t wanna climb, I m afraid to fall So we both do time and never have closure cause I still wanna hold ya

Makes no difference you ve been tried (Makes no difference you ve been tried) Still sick inside, oh oh It s meant to be over now But I think we re going down (we re going down)

Got your fingerprints as evidence all on my body Put your right hand on the book and you were found guilty I can t wait forever but that s how it s gonna be For me they ll never be

Case closed

No matter what the verdict say Case closed Too many questions in my head Case closed And I m still waiting for a while Why there can never be (-not sure of the chords here...the song doesnt really have any music) They can never, never be a Never be a Never, never be a Case closed They can never, never be a Never, be a Never, never be a Case closed (Em G D C) Got your fingerprints as evidence all on my body Put your right hand on the book and you were found guilty I can t wait forever but that s how it s gonna be For me they ll never be Case closed No matter what the verdict say Case closed Too many questions in my head Case closed And I m still waiting for a while Why there can never be Case closed
