

Nobody Like You  
Little Mix

[Intro]

Em C G  
Em C G

[Verse 1: Jesy]

I m alive, and living s just a beating heart  
Cause we won t admit we ve taken it too far  
I know it s love cause I will always be the first  
To start making up excuses when it hurts

[Pre-Chorus: Jesy]

But I m alone, I m alone, I m alone again  
And all I want, all I want is to feel again

[Chorus: Jesy]

There s nobody like you, nobody like you  
I ve tried goodbye a hundred times, not one of them true  
Nobody like you, nobody like you  
I m screaming, I don t want you but you know that I do

[Verse 2: Leigh-Anne]

Strong, a side of me you never found  
Cause you only see me when my guard is down  
And it s wrong, and I hate that it s the truth  
But I only like myself when I m with you

[Pre-Chorus: Jade]

Am G D

But I m alone, I m alone, I m alone again  
Am G D  
And all I want, all I want is to feel again

[Chorus: Leigh-Anne & Jade]

C Em  
There s nobody like you, nobody like you  
G D  
I ve tried goodbye a hundred times, not one of them true  
C Em

But all you left me with was scars

There s nobody like you, nobody like you
