

Each time I take you back, you bring one thousand cracks

D **E**

And I accept them like a fool oooh

F#m **A**

So now what s your excuse? What do we have to lose?

D **E**

Since i m already losing you.

[Chorus]

A **E**

So hard to face that i can t feel you anymore

F#m **D**

Hard to face that i can t see you anymore

A **E**

So walk away until you re not standing at my door

F#m **D**

turn your face, walk away, & stay

F#m

Turn your face

F#m **D**

turn your face, walk away, & stay

F#m

Turn your face
